

Abdelsalam Habara

Experienced Accountant transitioning to Software Engineering, with strong organisation and motivation. Customer-oriented with a focus on quality and teamwork. Passionate about utilising my specialised skill sets to assist clients and stakeholders through software, financial literacy and more.

EXPERIENCE

Deloitte, Melbourne — *Cyber Risk Vacationer*

NOV 2022 - FEB 2022

Worked across a number of different streams including Identity, Cloud and App Security, developing strategies and plans for clients. Worked in Cloud Security (AWS, Azure) and IAM (Sailpoint, CyberArk, ForgeRock, Okta, Oracle, SAP) to provide solutions for ASX listed corporations.

E & P Financial Group, Canberra — *Junior Accountant*

MAY 2018 - FEB 2021

Managed a large client portfolio in accounting and administration of SMSFs, lodging financial statements, reducing tax exposure, restructuring funds, training junior accountants, automating accounting practices, maintaining business relationships. Responsibilities included:

- Preparing, completing and lodging SMSF Annual Financial Statements and Tax Return for high net-worth clients personally managing over \$200 million in funds
- Assisted clients in the implementation of financial strategies successfully reducing tax exposure
- Ensured SMSFs are pursuant to current legislation annually including successfully restructuring funds to meet the \$1.6 million transfer balance cap
- Provided training and support to other junior Accountants and interns
- Automated accounting practices for mergers of ASX listed funds and REITs
- Maintained long-term business relationships with key clients, ATO and stakeholders
